SIERRA SHADOW BOLLARD

SIERRA

The slender styling of the SIERRA SHADOW bollard offers a clean minimalist lighting solution perfect for urban architectural buildings. The fixture has been designed to optimise the latest energy efficient lighting technology and complement the surrounding architecture with its low glare silver finish.

The Shadow is available in two sizes (600mm and 900mm high), weather resistant and assembled using rugged mounting plates to ensure the strength of an IP54 rating. The chic contemporary finish of the Sierra Shadow Bollard makes it ideal for inner city offices and residential home and apartment applications.

SKU	WATTS	LENGTH	WIDTH	HEIGHT	COLOUR	LAMP	CONT / GEAR
